

An Industrial Trip to Huawei Gurgaon

A leading telecom infrastructure and solutions company, Huawei's relationship with India goes back to the year 1999, when it established the first overseas R&D Centre in Bangalore. Over the years, Huawei India has partnered with the Indian government, public sector companies and private enterprises to enable rapid growth of telecommunication services in the country. Today, India is Huawei's second largest market outside of China with an employee base of over 6,200 employees across the length and breadth of the country. Huawei is committed towards enriching lives of Indians through communication, bridging digital divide and growing telecom in a sustainable manner.

The students of ECE Third year got the opportunity to get an inside look of the telecomm giant as to how the students need to prepare themselves in order to get absorbed in the industry. The visit was organized on 7th, 8th and 9th of February 2017. The strength of students attending the visit 150 which shows the interest of the students. The students got to know how they can mend the gap between academics and industry. With this notion in mind it was a very successful trip.
